General lawn care services will include trimming of the grass and blowing off clippings of hard surfaces such as sidewalk and driveways.

This is an Auto-Renewing Lawn Care Maintenance contract. Price will never change as long as this contract remains valid. Should customer desire to cancel service they may do so at any time with no penalty whatsoever. This way we do not need to acquire signatures every spring.

Lawn care will be performed once a week, beginning in April and ending in November. Customer will be receiving a monthly statement for our services. The statement will reflect the number of times your lawn was serviced during the month. All work will be performed in a timely and professional manner. After the first few weeks everyone will be placed on a schedule so you may know when we will be servicing your lawn each week (weather conditions may alter service times). Payment is due no later than two weeks after bill is delivered. This contract allows us to be on the above listed address and to trim the lawn.

Throughout the season we will trim the grass to different heights. If you have any cut height requests please let us know on this contract before sending it back to us.
